COIN 2

July 17 1962

Dear Mr Newman:

I enjoyed talking to you last evening and feel that I owe you an apology for not having asked you to Exhibit some of your outstanding coins at our coming Show. However I felt that perhaps you were too rushed with other things and didn't want to impose on you. I was very happy to have you make your most generous offer.

We would be very happy to have you Exhibit some of your excellent coins and feel sure that you will know what will make the Collectors come for miles to see. The interest at present is very high in Large Cents, Half Cents and Type Coins, personally tho' I do hope you will include the Silver Center Cent and the Disme that you told me about.

Just checked my calendar and find that I can get a News item in the Coin World if I have the information later this week. The thought just struck me tho' that if you had the time to send the copy direct to the Coin World and the Numismatic News that perhaps they would make room for your item where maybe I might not get the space. Either way tho' I will be happy to have the Exhibit and if you would rather have me send it to the two magazines I will be glad to do so.

Thanks again and looking forward to seeing you at the St. Louis Coin Show I remain,

Sincerely

David L. Cooper

Dear Dave:

We will be glad to exhibit at the St. Louis Coin Festival on August 11, 1962.

The feature of the exhibit will be the finest known specimen of the 1792 Silver Center Cent. Since you indicate interest in copper coinage will be high, we could also show uncirculated specimens of a copper 1792 disme, a copper 1792 Washington President I, a 1792 Roman head Washington Cent, and other 1792 pieces. I feel that one case is adequate and we will bring it.

Please advise me whether you will have a guard on 24 hours duty or any insurance coverage for the exhibit.

Any publicity you wish to use is entirely up to you.

Please telephone me as to the above questions.

Sincerely,

Eric P. Newman, President
